

the elasticated cord

5mm elasticated cord for the Xtracs museum barriers.

Available in white, black, red, blue, green, yellow, grey.

Diameter 5mm

How to use with museum barriers.

- Establish the distance you wish to place the barriers apart.
- Offer the elastic cord tying a knot in the end.
- Unscrew the top of the post and insert the know into the post.
- Screw the top down securing the cord into place
- Stretch the cord to the next barrier
- Repeat the first step
