

the museum cord barrier

manufactured by xtracs, the museum cord barrier provides a clean and discreet guidance system utilising elasticated cord.

perfect for the display of exhibits when a discreet cordon is required.

available in three finishes:- stainless steel, white and light grey.

	dda Aware	stainless steel	white powder coat	grey powder coat	floor protectors	three way	standard weight	warranty	fully assembled	height (mm)	weight (kgs)	tube (mm)	base (mm)
museum	●	●	●	●	●	●	●	●	●	1020	10	22	230
museum mini	●	●	●	●	●	●	●	●	●	620	8	22	230

simply unscrew the top of the post and knot and insert the cord. The cord is available under the barrier rope section of the website.

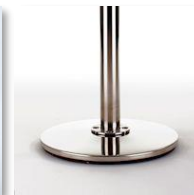

other base options.
